1.5.2 Tasks and area of responsibility for each Committee of the Board of Directors (1)

The powers and responsibilities of each Committee are established in the applicable Committee Charter, which is approved by the Board. Each Committee is entitled to engage outside counsel.

The Chairman’s and Corporate Governance Committee consists of the Chairman, the Vice Chairman, the CEO (Administrateur délégué) and any other member elected by the Board. It liaises between the Chairman and the full Board of Directors in order to act as a consultant body to the Chairman and to expedite whenever necessary the handling of the Company’s business. The Committee regularly reviews the Corporate Governance of the Company and prepares recommendations for the Board. It also advises on certain finance-related matters including the Company’s financing and financial management and periodically reviews its asset and liability management.

While the Committee has limited authority as per the Board Regulations, it may in exceptional and urgent matters deal with business matters which might arise between Board meetings. In all cases it keeps the Board fully appraised. It reviews the Board’s annual work plan.

The Compensation Committee consists of the Vice Chairman and a minimum of two other non-executive members of the Board. All members are independent (art. 19bis par. 1 of the Articles of Association). The members of the Compensation Committee are elected individually by the General Meeting for a term of office until completion of the next Annual General Meeting. Members of the Compensation Committee whose term of office has expired are immediately eligible for re-election. The Compensation Committee determines the principles for remuneration of the members of the Board of Directors and submits them to the Board for approval. It oversees and discusses the remuneration principles for Nestlé S.A. and the Nestlé Group. It prepares the proposals of the Board to be submitted for approval by the General Meeting in relation to the compensation of the Board and the Executive Board. In addition, it proposes the remuneration of the Chairman, the CEO and approves the individual remuneration of the members of the Executive Board. It reports on its decisions to the Board and keeps the Board updated on the overall remuneration policy of the Nestlé Group.

(1) For complete information please refer to the Board of Directors Regulations and Committee Charters on www.nestle.com/investors/corporate-governance/boardcommittees
The Nomination and Sustainability Committee consists of a Chairperson, who is an independent and non-executive member of the Board; the other members are the Chairman of the Board of Directors and a minimum of two independent and non-executive members of the Board. The Nomination and Sustainability Committee establishes the principles for the selection of candidates to the Board, selects candidates for election or re-election to the Board and prepares a proposal for the Board’s decision. The nomination process for the Board of Directors is highly structured and seeks to ensure a balance of necessary competencies and an appropriate diversity of its members. The candidates to the Board must possess the necessary profile, qualifications and experience to discharge their duties. Newly appointed Board members receive an appropriate introduction into the business and affairs of the Company and the Group. If required, the Nomination and Sustainability Committee arranges for further training.

The Nomination and Sustainability Committee reviews, at least annually, the independence of the members of the Board as well as their outside mandates, and it prepares the annual self-evaluation of the Board and its Committees. It oversees the long-term succession planning of the Board. It establishes criteria to select candidates and performs a regular gap analysis. It ensures an appropriately wide net is cast on key successions. Furthermore, it reviews reports and gives advice on measures which ensure the long-term sustainability of the Company in its economic, social and environmental dimension, it monitors the Company’s performance against selected external sustainability indexes, it reviews the annual Nestlé in society Report and discusses periodically how other material non-financial issues affect the financial performance, the Company’s long-term strategy to its ability to create shared value and the Company’s shareholder base and other significant stakeholders and their material interests. It meets as frequently as necessary to fulfill its tasks and prepares the relevant in camera sessions of the Board of Directors.

The Audit Committee consists of a Chairperson, who is an independent and non-executive member of the Board, and a minimum of two other non-executive members of the Board, excluding the CEO and any former member of the Executive Board. All members shall be independent. At least one member has to have recent and relevant financial expertise, the others must be familiar with the issues of accounting and audit. In discharging its responsibilities, it has unrestricted access to the Company’s management, books and records. The Audit Committee supports the Board of Directors in its supervision of financial controls through a direct link to KPMG (external auditors) and the Nestlé Group Audit (corporate internal auditors).

The Audit Committee’s main duties include the following:

– to discuss Nestlé’s internal accounting procedures;
– to make recommendations to the Board of Directors regarding the nomination of external auditors to be appointed by the shareholders;
– to discuss the audit procedures, including the proposed scope and the results of the audit;
– to keep itself regularly informed on important findings of the audits and of their progress;
– to oversee the quality of the internal and external auditing;
– to present the conclusions on the approval of the Financial Statements to the Board of Directors;
– to review certain reports regarding internal controls and the Group’s annual risk assessment.
