Legal entities that are linked to one another through capital, voting rights, management or in any other manner, as well as all natural persons or legal entities achieving an understanding or forming a syndicate or otherwise acting in concert to circumvent the regulations concerning the limitation on registration or the nominees, shall be counted as one person or nominee (art. 5 par. 7 of the Articles of Association). They allow the registration of:
– Nominees N (“N” as Name of beneficial owner disclosed): where trading and safekeeping practices make individual registration of beneficial owners difficult or impractical, shareholders may register their holdings through a Nominee N with voting rights, subject to the specific understanding that the identity and holdings of beneficial owners are to be disclosed to the Company, periodically or upon request. Voting rights of Nominees are to be exercised on the basis of voting instructions received from the beneficial owners. Holdings exceeding the 5% limit (respectively the limit fixed by the Board of Directors, see point 6.1.3 below) are registered without voting rights. 3.5.2 Tasks and area of responsibility for each Committee of the Board of Directors

The powers and responsibilities of each Committee are established in the applicable Committee Charter, which is approved by the Board. Each Committee is entitled to engage outside counsel.

The Chairman’s and Corporate Governance Committee consists of the Chairman, the Vice Chairman, the CEO (Administrateur délégué) and any other member elected by the Board. It liaises between the Chairman and the full Board of Directors in order to act as a consultant body to the Chairman and to expedite whenever necessary the handling of the Company’s business. The Committee regularly reviews the corporate governance of the Company and prepares recommendations for the Board. It also advises on certain finance-related matters including the Company’s financing and financial management and periodically reviews its asset and liability management.

While the Committee has limited authority as per the Board Regulations, it may in exceptional and urgent matters deal with business matters which might arise between Board meetings. In all cases it keeps the Board fully appraised. It reviews the Board’s annual work plan.

The Compensation Committee consists of the Vice Chairman and a minimum of two other non-executive members of the Board. All members are independent (art. 19bis par. 1 of the Articles of Association). The members of the Compensation Committee are elected individually by the General Meeting for a term of office until completion of the next Annual General Meeting. Members of the Compensation Committee whose term of office has expired are immediately eligible for re-election. The Compensation Committee determines the system and principles for remuneration of the members of the Board of Directors and submits them to the Board for approval. It oversees and discusses the remuneration principles for Nestlé S.A. and the Nestlé Group. It proposes the remuneration of the Chairman and the CEO, and approves the individual remuneration of the members of the Executive Board. It reports on its decisions to the Board and keeps the Board updated on the overall remuneration policy of the Nestlé Group. It reviews the Compensation Report.

(1) For complete information please refer to the Board of Directors Regulations and Committee Charters on www.nestle.com/investors/corporate-governance/boardcommittees
The **Nomination and Sustainability Committee** consists of a Chairperson, who is an independent and non-executive member of the Board, the Chairman of the Board of Directors and a minimum of two independent and non-executive members of the Board. The Nomination and Sustainability Committee oversees the long-term succession planning of the Board, establishes the principles and criteria for the selection of candidates to the Board, performs a regular gap analysis, selects candidates for election or re-election to the Board and prepares a proposal for the Board’s decision. The nomination process for the Board of Directors is highly structured and seeks to ensure a balance of necessary competencies and an appropriate diversity of its members. It ensures an appropriately wide net is cast on key successions. The candidates to the Board must possess the necessary profile, qualifications and experience to discharge their duties. Newly appointed Board members receive an appropriate introduction into the business and affairs of the Company and the Group. If required, the Nomination and Sustainability Committee arranges for further training.

The Nomination and Sustainability Committee reviews, at least annually, the independence of the members of the Board as well as their outside mandates, and prepares the annual self-evaluation of the Board and its Committees. Furthermore, it reviews reports and gives advice on measures which ensure the long-term sustainability of the Company in its economic, social and environmental dimension and monitors the Company’s performance against selected external sustainability indexes. It reviews the annual Nestlé in society report and discusses periodically how other material non-financial issues affect the Company’s financial performance and how its long-term strategy relates to its ability to create shared value. It reviews as well the Company’s shareholder base and other significant stakeholders and their material interests. It meets as frequently as necessary to fulfil its tasks and prepares the relevant *in camera* sessions of the Board of Directors.

The **Audit Committee** consists of a Chairperson, who is an independent and non-executive member of the Board, and a minimum of two other non-executive members of the Board, excluding the CEO and any former member of the Executive Board. All members shall be independent. At least one member has to have recent and relevant financial expertise, the others must be familiar with the issues of accounting and audit. In discharging its responsibilities, it has unrestricted access to the Company’s management, books and records. The Audit Committee supports the Board of Directors in its supervision of financial controls through a direct link to KPMG (external auditors) and the Nestlé Group Audit (corporate internal auditors).

The Audit Committee’s main duties include the following:

- to review, and challenge where necessary, the actions and judgements of management, in relation to the Company’s year-end financial accounts;
- to make recommendations to the Board of Directors regarding the nomination of external auditors to be appointed by the shareholders;
- to discuss the audit procedures, including the proposed scope and the results of the internal and external audit;
- to keep itself regularly informed on important findings of the audits and of their progress;
- to oversee the quality of the internal and external auditing;
- to present the conclusions on the approval of the Financial Statements to the Board of Directors;
- to review certain reports regarding internal controls and the Group’s annual risk assessment.

The Audit Committee regularly reports to the Board on its findings and proposes appropriate actions. The responsibility for approving the annual Financial Statements remains with the Board of Directors.
3.5.3 Work methods of the Board of Directors and its Committees

The Board meets as often as necessary, at least quarterly, and on notice by the Chairman or by the person designated by him. In addition, the Board must be convened as soon as a Board member requests the Chairman to call a meeting. All Committees provide a detailed report to the full Board at each meeting in a dedicated Chairman’s session.

The Board reserves at least one day per year to discuss the strategic long-term plan of the Company. In addition, every year the Board visits one operating company for three to five days, in 2016 Nestlé in China.

The average attendance at the Board meetings was 100%. All Board members attended all Committee meetings. The Company would individually disclose each member of the Board of Directors with an attendance rate of less than 75%.

Board meetings, with the exception of certain Chairman’s and in camera sessions, are attended by all members of the Executive Board. In addition, selected members of the Executive Board and senior management participate in certain Committee meetings.

The Company performs annual self-evaluations of the Board and its Committees including confidential, anonymous feedback and individual interviews. Findings are appropriately addressed.

In 2016, special meetings related to the conclusion of the Board’s succession planning for the position of Chairman and CEO (see page 28 of this Report).

3.5.4 Lead Director

The Lead Director assumes the role of a prime intermediary between the Board and the Chairman. He may convene and chairs Board meetings and in camera sessions where the Chairman is not present or conflicted. In 2016, the Vice-Chairman acted as Lead Director.

There are no restrictions to the legal regime set out by Swiss law in the Articles of Association. Shareholders with voting rights may have their shares represented by the proxy of their choice.

6.1.6 Rules on instructions to the independent proxy and on the electronic participation in the General Meeting of shareholders

The legal regime set out by Swiss law applies to instructions in written or electronic form to the independent proxy for participation in the General Meeting of shareholders. There are no specific provisions relating to these in the Articles of Association.

6.2 Quorums required by the Articles of Association

Please refer to art. 13 of the Articles of Association.

6.3 Convocation of the General Meeting of shareholders

Nestlé S.A. statutory rules (art. 7 to 9 of the Articles of Association) do not differ from applicable legal provisions. An Extraordinary General Meeting requested by one or more shareholders whose combined holdings represent at least 10% of the share capital as recorded in the commercial register must be held as promptly as practicable following such request (art. 8 par. 2 of the Articles of Association).

6.4 Inclusion of items on the agenda

One or more shareholders with voting rights whose combined holdings represent at least 0.15% of the share capital as recorded in the commercial register may request that an item be included in the agenda of the General Meeting by making the request in writing to the Board of Directors at the latest 45 days before the meeting and specifying the agenda items and the proposals made (art. 9 par. 2 and par. 3 of the Articles of Association).

6.5 Entries in the share register

The relevant date to determine the shareholders’ right to participate in the General Meeting on the basis of the registrations appearing in the share register is set by the Board of Directors.
7. Change of control and defence measures

7.1 Duty to make an offer
Nestlé S.A. does not have a provision on opting out or opting up in the Articles of Association.

Thus, the provisions regarding the legally prescribed threshold of 33⅓% of the voting rights for making a public takeover offer set out in art. 135 of the Swiss Financial Market Infrastructure Act are applicable.

7.2 Clauses on change of control
There are no such agreements.

8. Auditors

8.1 Duration of the mandate and term of office of the lead auditor
KPMG Klynveld Peat Marwick Goerdeler SA were first appointed on 22 May 1993, and KPMG SA (replacing KPMG Klynveld Peat Marwick Goerdeler SA) were first appointed on 23 April 2009 as auditors of Nestlé S.A.

On 7 April 2016, KPMG SA (hereafter “KPMG”) were appointed as auditors of the Financial Statements of Nestlé S.A. and of the Consolidated Financial Statements of the Nestlé Group for a term of office of one year.

The audit report is signed jointly by two KPMG partners on behalf of KPMG. The first year that Mr Scott Cormack, in his capacity as lead auditor, signed the Financial Statements of Nestlé S.A. and the Consolidated Financial Statements of the Nestlé Group was for the year ending 31 December 2013.

8.2 Auditing fees
The total of the auditing fees paid to KPMG in their capacity as Group auditors for 2016 amounts to CHF 47 million.

8.3 Additional fees
Fees paid to KPMG as Group auditors related to additional services for 2016 amount to CHF 18.4 million, including CHF 11.5 million for mergers, acquisitions and disposals services, CHF 3.9 million for IS/IT advisory support, CHF 1.7 million for tax services and CHF 1.3 million for other various non-audit services.

8.4 Information instruments pertaining to the external audit
KPMG presents to the Audit Committee a detailed report on the conduct of the Financial Statements audit, the findings on significant financial accounting and reporting issues together with the findings on the internal control system as well as an overview of issues found during the interim audit.

In 2016, KPMG participated in all four Audit Committee meetings at the end of which they met with the Audit Committee without the Group’s management being present.

Nestlé Group Audit (corporate internal auditors) met four times with the Audit Committee. In addition, the head of internal audit regularly met with the Chairman of the Audit Committee for interim updates.
The Audit Committee reviews annually the appropriateness of retaining KPMG as the auditor of the Nestlé Group and Nestlé S.A., prior to proposing to the Board and to the Annual General Meeting of Nestlé S.A. the election of KPMG as auditors. The Audit Committee assesses the effectiveness of the work of the auditors in accordance with Swiss law, based on their understanding of the Group’s business, control, accounting and reporting issues, together with the way in which matters significant at Group level or in the statutory accounts are identified and resolved.

The Audit Committee is also informed on the work of KPMG through regular briefings of its Chairman. The lead auditor is rotated every seven years in accordance with Swiss law. Audit fees are ultimately approved by the Audit Committee.

The Group and KPMG have agreed on clear guidelines as to non-audit services which it is appropriate for KPMG to provide. These services include due diligence on mergers, acquisitions and disposals and certain tax and business risk assurance and IS/IT advisory support. These guidelines ensure KPMG’s independence in their capacity as auditors to the Group. KPMG monitors its independence throughout the year and confirms its independence to the Audit Committee annually.

9. Information policy

Investor Relations – guiding principles

Nestlé is committed to managing an open and consistent communication policy with shareholders, potential investors and other interested parties. The objective is to ensure that the perception of those parties about the historical record, current performance and future prospects of Nestlé is in line with management’s understanding of the actual situation at Nestlé. The guiding principles of this policy are that Nestlé gives equal treatment to shareholders in equal situations, that any price-sensitive information is published in a timely fashion and that the information is provided in a format that is as full, simple, transparent and consistent as possible.

Methodology

Nestlé produces each year a detailed Annual Review, which reviews the business. It also provides detailed audited Financial Statements for the year under review, prepared according to the International Financial Reporting Standards (IFRS). These are complemented by the Half-Yearly Report. Nestlé publishes its full-year and half-year results, and its first-quarter and nine-months’ sales figures; it also publishes press releases at the time of any potentially price-sensitive event, such as significant acquisitions and divestments, joint venture agreements and alliances. Major announcements, such as results of corporate activity, are accompanied by a presentation which is broadcast “live” on the internet and which anyone can choose to access, whether or not that person is a shareholder.

Furthermore, Nestlé has an active investor relations programme, including both group meetings and one-to-one meetings. This includes the Annual General Meeting, as well as presentations at the time of its full-year and half-year results. The Group also has a programme of roadshows, which take place in most financial centres around the world, and hosts themed events for institutional investors and investment analysts at which members of line management give an overview of their particular areas of responsibility. These meetings focus either on recently announced financial results, recent corporate activity or the longer-term strategy of the Group; they are not an occasion for the disclosure of new information which might encourage an investment decision.
Specifically on governance topics, the Company engages into an active dialogue with investors through regular Chairman’s roundtables, surveys and bilateral exchanges which are reported to the Chairman’s and Corporate Governance Committee or the Board.

The Company utilises the World Wide Web (www.nestle.com/investors) to ensure a rapid and equitable distribution of information. Nestlé does not just rely on people visiting the site to be updated on the latest developments within the Group: anyone can sign up on the site to be alerted automatically by Nestlé whenever there is a change to the Investor Relations website; also press releases are distributed to major wire and news services. There are links to non-financial information that may be of interest to investors, including areas such as the environment, sustainability, the Nestlé Corporate Business Principles and the Nestlé Code of Business Conduct. A Corporate calendar of relevant dates is displayed on page 65 of the Annual Review 2016 and available on the Corporate website (www.nestle.com/investors/events).

**Introduction**

The future success of Nestlé is dependent on its ability to attract, motivate and retain the right talented employees. Among the various programmes to support this ambition is a competitive remuneration policy. Nestlé believes in a performance culture as well as good corporate governance and corporate social responsibility.

Therefore, remuneration at Nestlé is based on the following principles:

- pay for performance to support the Company’s short-term and long-term objectives;
- compensation aligned with long-term Group strategy and shareholders’ interests;
- coherence in our remuneration plans and levels throughout the Company;
- competitiveness versus external market comparisons;
- appropriate balance of fixed and variable remuneration and short-term and long-term rewards.

As in previous years, this Compensation Report shall be submitted to the advisory vote of the shareholders at the Annual General Meeting 2017.

At the Annual General Meeting of Nestlé S.A. on 6 April 2017, Peter Brabeck-Letmathe, Chairman of the Board of Directors, will not stand for re-election in line with the Company’s governance. The Board of Directors has proposed Paul Bulcke, Nestlé’s CEO until 31 December 2016, for election as Chairman. In order to prepare for this future role as active, non-executive Chairman and to respect a minimum cooling-off period, Mr Bulcke has resigned from his position as CEO on 31 December 2016, and will retire on 31 March 2017. To replace Mr Bulcke as CEO, the Board has appointed Mr Ulf Mark Schneider as the new CEO of Nestlé S.A., as from 1 January 2017, and proposed him for election to the Board of Directors at the 2017 Annual General Meeting. Mr Schneider joined Nestlé on 1 September 2016 for an introduction period, during which he was not yet part of the Executive Board. In light of these changes and to ensure continuity, no significant change is foreseen in how Nestlé approaches the compensation of its executives for 2017.

At the 2016 Annual General Meeting, shareholders approved the total compensation budgets for the Board of Directors and the Executive Board with large majorities. As explained at that time, to ensure complete accountability, the shareholders will this year be able to retrospectively vote on the compensation report and payouts in a consultative vote.
Governance

The Board of Directors has the overall responsibility for defining the compensation principles used in the Group. Pursuant to art. 21bis of Nestlé's Articles of Association, the total compensation of the Board of Directors and of the Executive Board is subject to approval by the shareholders, upon proposal by the Board of Directors.

As of 31 December 2016, the governance for setting the compensation of the members of the Board of Directors and the Executive Board is defined as follows:

<table>

</tbody>
</table>

(a) Chairman as well as CEO not voting on own compensation, and not participating in the relevant meetings.
(b) Members not voting on own compensation to the extent that Committee fees are concerned.

Compensation Committee (CC)

The CC is governed by the Compensation Committee Charter, see point 3.5.2 in the Corporate Governance section. The Committee consists of the Chairperson who is an independent and non-executive member of the Board, the Vice Chairman of the Board and two other non-executive members of the Board.

The members of the CC have been elected by the shareholders for one year. The Chairperson was appointed by the Board of Directors. On 31 December 2016, the composition of the CC was as follows:

<table>
<thead>
<tr>
<th>Chairman</th>

<tbody>
<tr>
<td>Beat Hess</td>
<td>Andreas Koopmann</td>
</tr>
<tr>
<td></td>
<td>Jean-Pierre Roth</td>

The tasks and areas of responsibility of the CC are described on page 12 of the Corporate Governance Report 2016.
Board of Directors

Principles of compensation for the members of the Board of Directors

Goverance

Pursuant to art. 21\textsuperscript{bis} par. 1 of Nestlé’s Articles of Association, the General Meeting shall approve annually the proposal of the Board of Directors in relation to the maximum aggregate amount of the compensation of the Board of Directors for the period until the next Annual General Meeting \textsuperscript{(a)}.

In the event the General Meeting has not approved a proposal of the Board of Directors, the Board of Directors shall determine the respective maximum aggregate amount or maximum partial amounts of compensation provided that:

a) the Board of Directors takes into account (i) the proposed maximum aggregate amount of compensation; (ii) the decision of the General Meeting and, to the extent known to the Board of Directors, the main reasons for the negative vote; and (iii) Nestlé’s compensation principles; and

b) the Board of Directors submits the amount so determined to approval by the same General Meeting, a subsequent Extraordinary General Meeting or the next Annual General Meeting (art. 21\textsuperscript{bis} par. 2 of the Articles of Association).

The compensation of the members of the Board of Directors is subject to “clawback” rules in accordance with art. 678 of the Swiss Code of Obligations. Members of the Board of Directors could be obligated to return benefits received from the Company to the extent these are manifestly disproportionate to the performance rendered in return and to the Company’s economic situation (including as a result of fraud or accounting misstatement).

Principles

The remuneration of the members of the Board of Directors is set to attract and retain highly qualified individuals to serve on the Board of Directors. The level of remuneration reflects the time and effort required from the members in fulfilling their Board and Committee responsibilities. The pay structure (cash and blocked shares) is designed to ensure the Board’s focus on the long-term success of the Company. There is no variable compensation for non-executive members of the Board of Directors, in order to ensure a proper level of independence.

The principal benchmark used to define Board remuneration is a selection of large Swiss Market Index (SMI) companies \textsuperscript{(b)}, adjusted for the size of Nestlé. These figures are periodically reviewed against this benchmark.

Compensation 2016 for the members of the Board of Directors

Board membership fees and allowances

With the exception of the Chairman and the CEO, each member of the Board of Directors receives a Board membership fee of CHF 280,000 and an Expense Allowance of CHF 15,000. These figures have remained unchanged since 2006.

\textsuperscript{(a)} The Board of Directors may submit for approval by the General Meeting deviating or additional proposals relating to the same or different periods.

\textsuperscript{(b)} Novartis, Roche, Richemont, ABB, Syngenta, UBS and Credit Suisse.
Members of a Board Committee receive the following additional fees (a):

The above fees and allowances cover the period between the Annual General Meeting 2016 and the Annual General Meeting 2017. They are paid in two instalments. Board membership and Committee fees are paid 50% in cash and 50% in Nestlé S.A. shares, which are subject to a three-year blocking period. The blocking period remains applicable upon termination of the mandate.

The number of Nestlé S.A. shares is determined by taking the closing price of the share on the SIX Swiss Exchange on the ex-dividend date of the respective financial year. For valuation purposes, the shares are discounted by 16.038% to account for the blocking period of three years. In 2016, the value was CHF 58.82.

Compensation Payout 2016

At the Annual General Meeting of 7 April 2016, the shareholders approved a maximum compensation for the Board of Directors of CHF 10.5 million for 2016. The total actual compensation pay-out for 2016 including social security contributions was CHF 9 958 513.

(*) Sections highlighted with a blue bar are audited by KPMG. They include all elements the Company needs to disclose pursuant to art. 14 to 16 of the Ordinance against excessive compensation in listed companies.
Peter Brabeck-Letmathe, in his capacity as active Chairman, received a cash compensation as well as Nestlé S.A. shares, which are blocked for three years. This in particular reflects certain responsibilities for the direction and control of the Group including the Chairmanship of Nestlé Health Science S.A. as well as Nestlé Skin Health S.A., and the direct leadership of Nestlé’s interests in L’Oréal (Vice Chairman of the Board of Directors). He also represents Nestlé at the Foundation Board of the World Economic Forum (WEF) and on behalf of Nestlé chairs the 2030 Water Resource Group (WRG). He is a member of the Hong Kong-Europe Business Council. The remuneration includes all compensation received in relation to these activities. His total compensation was:

Principles of compensation for members of the Executive Board

Governance

Pursuant to art. 21bis par. 1 of Nestlé’s Articles of Association, the General Meeting shall approve annually the proposal of the Board of Directors in relation to the maximum aggregate amount of the compensation of the Executive Board for the following financial year(*)

In the event the General Meeting has not approved a proposal of the Board of Directors, the Board of Directors shall determine the respective maximum aggregate amount or maximum partial amounts of compensation, provided that:

a) the Board of Directors takes into account: (i) the proposed maximum aggregate amount of compensation; (ii) the decision of the General Meeting and, to the extent known to the Board of Directors, the main reasons for the negative vote; and (iii) Nestlé’s compensation principles; and

b) the Board of Directors submits the amount(s) so determined to approval by the same General Meeting, a subsequent Extraordinary General Meeting or the next Annual General Meeting (art. 21bis par. 2 of the Articles of Association).

If the maximum aggregate amount of compensation already approved by the General Meeting is not sufficient to also cover compensation of one or more members who become members of or are being promoted within the Executive Board during a compensation period for which the General Meeting has already approved the compensation of the Executive Board, Nestlé or companies controlled by it shall be authorized to pay such member(s) a supplementary amount during the compensation period(s) already approved. The total supplementary amount shall not exceed 40% of the aggregate amount of compensation of the Executive Board last approved by the General Meeting per compensation period (art. 21ter of the Articles of Association).

Principles

The principles of compensation for members of the Executive Board are the following:

Pay for performance

The Total Direct Compensation for the members of the Executive Board includes a fixed portion (Annual Base Salary) and a variable portion (Short-Term Bonus and Long-Term Incentives). The fixed compensation takes into account individual performance. Variable compensation is determined based on collective and individual performance. These are intended to ensure a major part of executive rewards are contingent on achieving demanding performance goals.

(*) The Board of Directors may submit for approval by the General Meeting deviating or additional proposals relating to the same or different periods.
Alignment with long-term company strategy and shareholder interests

Compensation for members of the Executive Board is aligned with company strategy and shareholders’ interests. The Short-Term Bonus payout is determined by the degree of achievement of a number of objectives aligned to annual business plans. Long-Term Incentives are provided in the form of share-based instruments, therefore ensuring alignment with shareholders’ interests. In 2016, the main Long-Term Incentive instrument was the Performance Share Unit Plan (PSUP), following the discontinuation of the Restricted Stock Unit Plan (RSUP). PSUs have a vesting period of three years, with a further holding period of two years, leading to a total restriction period of five years. Their alignment with shareholder interests is reinforced through pay-outs being tied to underlying Earnings per Share (EPS) growth and relative Total Shareholder Return (TSR) performance.

Coherence in remuneration plans and levels throughout the Company

The Company aims to align remuneration plans across the Group and to ensure that compensation rewards appropriately for the added responsibilities of positions held. This is reflected in the relative remuneration levels of the Executive Board.

Compensation to be internationally competitive by using selected benchmarks

The compensation packages for the members of the Executive Board need to be competitive in a dynamic international environment. Nestlé targets its overall remuneration policy to be between the median and the 75th percentile of the selected external benchmarks (please refer to page 40). Whenever appropriate, the benchmark values are adjusted for the size of Nestlé. The market competitiveness of the Executive Board is therefore periodically assessed using the services of Willis Towers Watson, a reputed international human capital and benefits consultancy.

The total compensation package consists of the following elements:

1. **Base Salary**
   The Base Salary is the foundation of the total compensation. It reflects the experience, expertise and sustained performance of the Executive Board member as well as taking account external market competitiveness. It also serves as the basis for determining the Short-Term Bonus target levels, and the allocation of Long-Term Incentives. The Base Salary is reviewed annually by the Compensation Committee. Criteria for adjustments are individual contribution and the level of competitiveness against the benchmarks.

2. **Short-Term Bonus**
   The Short-Term Bonus is intended to reward results achieved against annual collective and individual performance goals related to Nestlé’s overall business strategy. The Short-Term Bonus is paid in cash and/or in Nestlé S.A. shares, which are subject to a three-year blocking period.

**Governance**

Pursuant to art. 21quarter of Nestlé’s Articles of Association, variable compensation may comprise short-term compensation elements, and shall be subject to caps expressed as predetermined multipliers of the respective target levels.

Short-term compensation elements are governed by performance metrics that take into account the performance of Nestlé and/or parts thereof, targets in relation to the market, to other companies or to comparable benchmarks and/or individual targets, and achievement of which is generally measured based on a one-year period. The annual target level of the short-term compensation elements is determined as a percentage of the base salary; depending on achieved performance, the compensation may amount up to a predetermined multiplier of target level (art. 21quarter of the Articles of Association).

The Board of Directors or, to the extent delegated to it, the Compensation Committee determines performance metrics and target levels, and their achievement.
Objectives 2016
The Short-Term Bonus (Annual Bonus) is based on a bonus target expressed in % of the Annual Base Salary.
- CEO: 150%;
- Executive Vice President: 100%;
- Deputy Executive Vice President: 80%.

For the CEO, 100% of the target was linked to the Nestlé Group performance. For the other members of the Executive Board, at least 50% of the target is linked to business performance, to ensure accountability for Nestlé’s results: for Function Heads, 50% is tied to Group performance, 30% to functional objectives and 20% to their individual performance (quantitative and qualitative objectives); for Zone or Business Heads, 30% is tied to Group performance, 50% to business goals they are directly responsible for, and 20% to individual performance (quantitative and qualitative objectives). In case an executive reaches all objectives in full, the bonus payout will correspond to the targeted level. If one or more objectives are not reached, the bonus is reduced. The bonus payout is capped at a maximum of 130% of the target. There is no guarantee for the payout of a minimum bonus.

Members of the Executive Board can elect to receive part or all of their Short-Term Bonus in Nestlé S.A. shares. The CEO has to take a minimum of 50% in shares.

The number of shares granted is determined using the average market closing price of the last ten trading days of January 2017.

Every year, the Board of Directors defines a set of quantitative operational targets, which comprise the main element in determining the annual Nestlé Group performance for the following year (weighting: 80%). Additional quantitative and qualitative targets, set by the Board of Directors in line with the Nestlé strategic roadmap, are also used to determine the Nestlé Group performance (weighting: 20%). Non-financial objectives include measures related to the Company’s sustainability and its corporate social responsibility in line with our Creating Shared Value strategy.
3. Long-Term Incentives

Long-Term Incentives are intended to reward sustained business success and overall shareholder value creation as well as to retain key senior management members.

Governance

Pursuant to art. 21quater of Nestlé’s Articles of Association, variable compensation may comprise long-term compensation elements, and shall be subject to caps expressed as predetermined multipliers of the respective target levels.

Long-term compensation elements are governed by performance metrics that take into account strategic objectives of Nestlé, and achievement of which is generally measured based on a multi-annual period. The annual target level of the long-term compensation elements is determined as a percentage of the base salary; depending on the achieved performance, the compensation may amount up to a predetermined multiplier of the target level. Vesting periods, as determined by the Board of Directors or, to the extent delegated to it, the Compensation Committee shall be at least three years. See further art. 21quater par. 6 to par. 8 of the Articles of Association.

The Board of Directors or, to the extent delegated to it, the Compensation Committee determines performance metrics and target levels, and their achievement.

Target levels 2016

In 2016, members of Nestlé’s Executive Board were eligible to receive Long-Term Incentives in the form of Performance Share Units under the Performance Share Unit Plan (PSUP). The grant value for Long-Term Incentives in 2016 was the following:

- CEO: 150% of the Annual Base Salary
- Executive Vice President and Deputy Executive Vice President: 100% of the Annual Base Salary

The fair value of Long-Term Incentives at grant is determined by using generally accepted pricing models. Please refer to explanations on page 41.

The PSUP provides units which entitle participants to receive Nestlé S.A. shares at the end of the three-year vesting period. These shares remain blocked for a further period of two years for Executive Board members.

The level at which PSUs vest is determined by the degree by which the two performance measures of the PSUP are met over the full three-year vesting period. These two criteria are:

- the relative Total Shareholder Return (TSR) of the Nestlé S.A. share in relation to the STOXX Global 1800 Food & Beverage Net Return Index (prior to 2014 the STOXX Europe 600 Food & Beverage Net Return Index);
- the growth of underlying Earnings per Share in constant currencies.

Total Shareholder Return performance in relation to peers and growth of underlying Earnings per Share are the two most commonly used measures to determine senior management long-term performance in the industry. Nestlé considers that these two metrics together reflect a rounded view of the Company’s performance over a multi-annual period.

Each of the two measures has equal weighting in determining the vesting level of the initial PSU award.
The following charts show the different potential levels of achievement for each of the two measures for the 2016 PSUP grant.

The total vesting level will be determined by applying, at the end of the vesting period, each one of the two measures to 50% of the grant, and by adding up both elements.

The vesting range of the PSU starts at 0% and is capped at 200% of the initial PSU award, thus providing alignment with strategy and shareholders’ interests, as well as ensuring competitiveness versus external market comparisons.

4. Other benefits
The Company limits other benefits to a minimum. Typical elements are a car allowance (there are no Company cars provided to members of the Executive Board), a contribution towards health insurance premiums (below CHF 4000 per annum) as well as long-term service awards related to 25 and 40 years of service to the Company, in line with the Company policy, as offered to other employees. Those Executive Board members who have been transferred to Switzerland from other Nestlé locations can receive benefits in line with the Nestlé Corporate Expatriation Policy.

5. Pension benefits
Executive Board members domiciled in Switzerland are affiliated to the Nestlé Pension Plan in Switzerland like all other employees. The Plan was changed from a defined contribution plan with a retirement pension objective to a Swiss-type defined contribution plan during 2013. Beneficiaries of the Plan born in 1958 or before maintain their membership in the former plan.

Pensionable earnings include the Annual Base Salary, but not the variable compensation (Short-Term Bonus or Long-Term Incentives). Any part of the Annual Base Salary which exceeds the ceiling prescribed by Swiss Pension Law is covered directly by the Company.

Benchmarks of Executive Board compensation
Any benchmarks need to take account of Nestlé’s overall size, its sector and geographic location. The Compensation Committee has therefore decided the most appropriate way to assess the competitiveness of the compensation for the Executive Board is by comparing against the STOXX Europe 50 index (excluding financial services) as the primary benchmark*, while taking account of trends in executive remuneration in the European Fast Moving Consumer Goods and Pharma companies. Reflecting the company’s size (revenue and headcount), Nestlé’s competitive position has been evaluated with reference to the 75th percentile of the benchmark.

Share ownership policy
The Company strongly encourages share ownership by the members of the Executive Board to ensure alignment with shareholder interests over time. As of the end of 2016, excluding unvested long-term incentive awards, the collective share ownership of the members of the Executive Board was equal to approximately twice their combined annual total compensation.

Since 2015, an additional two-year blocking period is imposed on Nestlé S.A. shares delivered to Executive Board members upon vesting of PSUs, bringing the total restriction period to five years. The blocking period remains applicable upon termination.

Loans
The Company does not, as a rule, grant loans, except that it may provide advances, generally repayable over a three-year period to members of the Executive Board who have been transferred to Switzerland from other Nestlé locations in line with the Nestlé Corporate Expatriation Policy.

Loans to Executive Board members may only be granted at market conditions and may, at the time of grant, not exceed the respective member’s most recent total annual compensation (art. 21septies of the Articles of Association).

Contracts of employment and severance payments
As of 31 December 2016, members of the Executive Board are subject to a notice period of twelve months. During this time, unless there was termination for cause, entitlement to the Annual Base Salary and prorated Short-Term Bonus continues. Long-Term Incentives are forfeited upon voluntary resignation or termination for cause (except vested Stock Options which remain exercisable for a period of thirty days upon termination for cause); Long-Term Incentives (except Stock Options) immediately vest in all other cases of termination of employment. There are no severance payments or change of control provisions (“golden parachutes”).

Since 1 January 2016, the compensation of the members of the Executive Board is subject to forfeiture or clawback if the compensation paid or granted is rejected by the General Meeting of Nestlé S.A. in a final vote.

Mr Ulf Mark Schneider joined Nestlé on 1 September 2016 from the Fresenius Group, where he had been CEO since 2003. On 30 September 2016, he received equivalent replacement awards for long-term incentives granted to him by his former employer Fresenius, which were forfeited as a result of his resignation, in the form of Nestlé PSUs (total replacement value of CHF 13.2 million). They are subject to the three-year vesting period plus two-year holding period.

As of 1 January 2017, Mr Ulf Mark Schneider was appointed Chief Executive Officer of the Nestlé Group. His annual base salary has been fixed by the Board of Directors at CHF 2.4 million; he will also receive the corresponding short and long-term incentives in line with Nestlé’s compensation policy as indicated on page 39.

**Explanations**
- On 31 December 2016, the Executive Board consisted of 14 members.
- Other benefits include a car allowance, contribution towards health insurance premiums, long-term service awards and expatriate benefits.
- Nestlé S.A. shares received as part of the Short-Term Bonus are valued at the average closing price of the last ten trading days of January 2017, discounted by 16.038% to account for the three-year blocking period.
- Performance Share Units granted in 2016 are disclosed at fair value at grant, which corresponds to CHF 65.85. The fair value is determined using a valuation model which reflects the probability of overachievement or underachievement on the Total Shareholder Return measure, which is a market condition, and based on five-year...
The other inputs incorporated into the valuation model comprise the market price of Nestlé S.A. shares at grant date, discounted at a risk-free interest rate and adjusted for the dividends that participants are not entitled to receive during the vesting period of three years.

– The values in the table above differ in some respect from the compensation disclosure in Note 19.1 of the Consolidated Financial Statements of the Nestlé Group 2016, which have been prepared in accordance with International Financial Reporting Standards (IFRS). The differences relate to the timing of valuation of Performance Share Units, whose values are spread over three years under IFRS but reported fully at the grant date in this report, and to the valuation of blocked shares, which are not subject to a discount for the blocking period under IFRS.

Payout levels
– The Short-Term Bonus payout for the Executive Board was 102% in 2016, based on the achievement of the relevant Group and individual quantitative and qualitative objectives (2015: 100%).
– The Performance Share Units granted in 2014 vest in March 2017 with a payout of 72% of the initial PSU award (PSUs granted in 2013 vested in 2016 with a payout of 100%).

Events after the balance sheet date (all on 1 January 2017)
– Mr Ulf Mark Schneider was appointed member of the Executive Board and succeeded Mr Paul Bulcke as CEO.
– Mr Paul Bulcke stepped down as CEO and left the Executive Board.
– Mr Luis Cantarell retired (succeeded by Mr Marco Settembri, in charge of Zone EMENA).
– Mr Martial Rolland left the Executive Board (re-integration of Nestlé Professional).
– Mr Maurizio Patarnello was appointed member of the Executive Board (in charge of Nestlé Waters, replacing Mr Marco Settembri).
– Mr Gregory Behar was appointed member of the Executive Board (in charge of Nestlé Health Science).
**Highest total compensation for a member of the Executive Board**
