

Important information:

**Mobile-friendly site  
replaces Nestlé app**

We've improved our corporate website [nestle.com](https://www.nestle.com) so that it now provides you with exactly the same content and user experience on any mobile device.

You can access every page on the site in a format specifically adapted for your smartphone, tablet or desktop.

This means that our corporate apps are no longer in use and you can remove them from your device.

You can switch your bookmarks and home screen icons to our website.

Visit [www.nestle.com](http://www.nestle.com) to take a look.
