

Nestlé's supply chain disclosure

[see our disclosure page on nestle.com](https://www.nestle.com/na/en/commitment/responsible-sourcing/our-supply-chain)

To increase transparency in the food and agriculture sector, Nestlé periodically discloses the result of our supply chain mapping exercise for our 14 key ingredients in scope of our Responsible Sourcing program.

Since most of the ingredients and materials we purchase are not segregated, the list of intermediary suppliers represents those that may be present in our supply chain.

Category Soy

Publication Date April 2026

Disclaimer We aim to share accurate and credible supply chain mapping data. As with any supply chain mapping exercise, this is a snapshot that reflects our mapping efforts during the period described in this disclosure. This snapshot is not a comprehensive depiction of our entire supply chain, rather it corresponds to part of our supply chain for which we have achieved mapping under all five elements below.

To the best of our knowledge, the information contained in this list is reliable as of the date of publication.

However, we do not assume any liability whatsoever for the accuracy and completeness of the information.

Therefore, no rights can be derived from it.

Any stakeholder who may have any reliable data that is inconsistent with our own is invited to share it with us, so we can analyze it and make any necessary correction to our disclosure.

Scope This disclosure covers volumes purchased by Nestlé between **January to December 2025**.
