Total volumes sourced in 2018

Meat:	430,000 Tons
Poultry:	23,487 Tons
Eggs:	28,315 Tons

As with any traceability efforts, this is a snapshot that reflects our supply chain-mapping efforts over the last years, updated December 2018, which is a mix of self-declaration and paper based verification, and should not be taken as fully exhaustive nor fully accurate as supply chain flows evolve on a daily basis.
