

## Nestlé in France

### 2<sup>nd</sup> biggest market in the Nestlé Group

Nestlé has been present in France since **1868**, just one year after the foundation of the Company. In fact, the first sales office for the infant formula *farine lactée* Henri Nestlé opened in Paris in 1868.

In **1916**, Nestlé inaugurated its first factory in France, followed by several others over the years. Of these, many are dedicated to production for European markets (*Nescafé*, *NaturNes*, etc.). Today, Nestlé has 31 factories on 29 industrial sites across the country.

Through innovation, research and nutritional progress, Nestlé has grown in France; and by building on a foundation of strong values, it is now present in 99% of French households.
